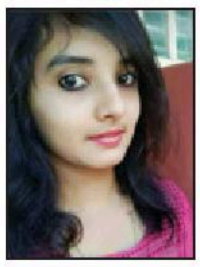
Heart on the Move

Green corridor created between Mysuru-Bengaluru for speedy transport of Namana's organs



M.C. Namana

Mysuru, July 7 (MTY,PM&BCT)- It was an hour of grief for the family of 21-year-old M.C. Namana when they heard that their daughter, who met with an accident, did not respond to treatment and might die despite the best efforts of the doctors. However, in spite of irreparable loss, Namana's family donated the live organs of the young girl.

To transport Namana's live heart, eyes, lungs and kidneys, a 'green corridor' was activated in city this afternoon from Apollo BGS Hospital, Kuvempunagar to BGS Global Hospital at Kengeri near Bengaluru. **The ICU-equipped advanced ambulance left the Kuvempunagar Hospital at 12 noon and reached Kengeri at 1.47 pm, covering an approximate distance of 133.4 km.**

The Mysuru Police, along with their counterparts at Srirangapatna, Mandya and Maddur created a corridor free of traffic signals to facilitate transfer of the vital organs smoothly. This system is also referred to as the 'green corridor' wherein all the traffic lights on the particular route are lit green.

Namana suffered grievous head injuries on July 5 evening when the bike she was travelling along with her friend Aravinda Rao met with an accident at Chamundi Hill.

(See HEART ON THE MOVE on page 13)

Monsoon picks up

Thithimathi makeshift bridge caves in again

Mysuru/ Madikeri, July 7 (RK, PS&BCT)- Monsoon has picked up pace in Mysuru, Kodagu, Dakshina Kannada and Hassan after a brief lull. Rain has started pounding in these areas since last evening and landslides have been reported at several places.

Business in Mysuru was severely affected this morning as most of the two-wheelers stayed off the roads. Intermittent rain began at around 4.30 am and it continued till about 11 am putting office-goers into severe inconvenience. Business areas like the Devaraja Market, Makkaji Chowk, K.R. Circle, Mandi and Bandipalya markets sported a deserted look as people stayed indoors.

The situation was entirely different in Kodagu and Hassan. While the Mangaluru-Hassan Railway line was blocked and train services cancelled due to heavy landslides at Arabhavi, the connection between Madikeri and Bhagamandala has snapped as there is over 3-feet water on Ayyangeri Road..

The makeshift bridge near Thithimathi in Kodagu that had caved in recently and which was restored by the Kodagu District Administration, caved in again this morning bringing traffic to a grinding halt. The road connects Mysuru to South Kodagu.

Heavy rain has been lashing Kodagu since last evening. As a precaution, Kodagu DC P.I. Sreevidya declared a holiday to all schools and colleges today. Madikeri and Virajpet Taluks have been worst affected with over 30 electricity poles crashing since last evening at Murnad, Balamuri, Srimangala and Ponnampet.

Loan waiver: It ought to happen

The *issue* of waiving the loans taken by the farming fraternity of Karnataka during the past few years, lingering on-and-off for several months since the time of campaigning by some political parties whose heavy-weights categorically declared pro-farmer measure of unburdening the *debtors* if the electorate facilitated formation of government in the State by the respective party continues to be dogged by debates both in political circles and (to a lesser extent) in public domain. The upshot of these debates, whichever way one ponders, doesn't seem to decisively answer two relevant questions bearing on the issue of loan waiver which is now a *fait accompli*, although with some conditions attached to implementation of the landmark decision by the incumbent coalition government. The first question: Has the government acted rightly? The second question: Has the government done the right way in taking the cash in the public sector banks, co-operative banks and others? Maybe, a third question: Is the government a bigger debtor after the measure?

Not meaning to cast aspersions on the farming fraternity taking loans from various creditors for good, bad or indifferent purposes, one is prompted to invoke the lines of Poet Sarvajna with the telling message that while taking a loan it feels like experiencing the delight of savouring the choicest sweet dish but when confronting the creditor it feels like facing broken joints of one's bones.

The stark fact is that agriculture has turned to be unremunerative for farmers with their landed asset being unviable to bring them adequate income to first meet the life's needs of their families and then to command enough money-in-hand to continue in their only calling, namely raising crops involving expenses on seed, fertiliser, crop-protection measures, payment of wages to the labour force, marketing their produce, repair as well as replacement of implements, feed for their livestock as well as draft animals and so on. If the urbanites living in reasonably comfortable ambience were to confront the aforementioned contingencies staring at the farming fraternity, there is no telling if they would be as stoic as the rustics.

Thanks to the multitude of factors, including apathy of both stockholders (government) and stakeholders (society) towards the plight of farmers over years, thousands of them have resorted to end their lives leaving their families in dire circumstances. It is overdue that the urban sections share their prosperity with the rustics without waiting for the government to play the role of facilitator. Loan waiver ought to happen but it need not happen often.

EDITOR'S BOTTOMLINE

Could there be a link between Delhi's air pollution and the strange behaviour and statements of some of our politicians? Can some of the bizarre stuff that is coming out of New Delhi be blamed on absurdly high PM2.5 levels in the city's air? Minister of State for Civil Aviation Jayant Sinha sounded delusional in an interview when he said that his government had turned around Air India "remarkably" and that the carrier had seen a turn around on every parameter. He left everyone asking a simple question: If it's so hunky-dory, what is the need to sell the carrier?— Anjuli Bhargava in Business Standard.

NEWS SPARKLERS

Gravity-defying coin structures by Japanese artist

Taiwan: Japanese artist Tanu has been delighting his fans with an array of physics-defying coin structures ever since he discovered the hobby, by mistake. He apparently started stacking coins out of boredom, and it just grew on him. He now spends hours at a time working on all sorts of crazy designs that seem ready to topple at any time, and posting the fruits of his work on social media.

From tall stacks of coins with the curved bottom of a spoon as the base, to columns made from intertwining rows of coins and even some designs that incorporate small spheres, there seems to be no limit to what Tanu can do. Some people to suggest that he muse be using glue to keep his creations together. But he shut them all down by posting a video of him building one of his incredible structures.

A town where bald eagles are common

Unalaska: Unalaska is home to around 4,700 people who have to share their space with over 600 beautiful bald eagles. It looks and sounds like something out of a fairytale, but it turns out that sharing your home with territorial predators also has its downsides.

For one thing, you're more likely to get attacked by a bald eagle in Unalaska than anywhere else in the US, and locals constantly have to keep an eye out for the birds, especially when going near their nests. They apparently hate it when people get too close.

While the people of Unalaska love their eagles, many of them do consider them pests, kind of like people see pigeons in other places. They make a mess wherever they go, but whereas pigeons will run away when humans approach, bald eagles will attack you if they perceive you as a threat. Seeing them perched on every lamp post, looking for food or just flying makes quite an impact on people.

HEALTH CAPSULE by Bron Smith

How does Marijuana use affect long-term health?

A recent study revealed a 3.2 times higher risk of dying from hypertension (High Blood Pressure) among Marijuana users. The risk increased with each year of Marijuana use. Study authors stated that the cardiovascular risk of Marijuana smoking may be greater than that of cigarette smoking.

Narayana Hospital launches Inflammatory Bowel Disease Clinic

FROM LEFT: ***K.V. Kamath, Marketing Head, Narayana Hospital (NH), Mysuru, Dr. A.K.Satheesh Roa, Chief Gastroenterologist, NH, Mysuru, Dr. Naresh Bhat, President, Indian Society of Gastroenterologists Association and Dr. Dileep Kumar, Medical Superintendent, NH Mysuru.***

Mysuru, July 7 - Narayana Multispecialty Hospital (NMH), Mysuru, has launched an advanced Inflammatory Bowel Disease (IBD) Clinic. The clinic was inaugurated by Dr.Naresh Bhat, President, Indian Society of Gastroenterologists Association.

IBD is the term used to describe disorders that involves chronic inflammation of digestive tract. Types of IBD are ulcerative colitis and Chron's disease. In both diseases there are ulcers in the lining of intestine, resulting in severe diarrhoea with blood, abdominal pain, fatigue, weight loss and anaemia. Sometimes it can cause life threatening complications.

Aim of this clinic is to educate the patients, help them to get investigation and treatment with subsided cost. Rotary Vijayanagar Mysore is helping economically weaker patients avail this clinic.

VOICE OF THE READER

Disneyland project: Some thoughts

Sir,

Apropos the news item titled ***'Brindavan Gardens to be developed like Disneyland: CM'*** *(Star of Mysore* dated July 5). Well-maintained Brindavan Gardens used to be another world whenever we used to visit this world famous spot when we were young. The charm and the sanctity of this beautiful Gardens has been degraded by ugly and (encroached?) structures selling all kinds of things. I haven't visited this place in recent times.

Now, our Chief Minister wants to develop this exotic fairyland on the lines of Disneyland. Should we allow this ill-advised and ill-conceived project to be undertaken without being debated? The Gardens, of course, need sprucing up urgently.

Commenting on the metro rail on the iconic Mahatma Gandhi Road in Bengaluru, Charles Correa, the famous architect said: 'The track on M.G. Road should have gone underground: or at least the elevated part should have been in steel instead of the ugly concrete expressions with gigantic pillars running all along' — the character of a beautiful and pulsating road was changed forever!

So, we should be careful with our Brindavan Gardens. Priority, instead should be given for rejuvenating all defunct and dying lakes and water bodies in the State as soon as possible.

Dog and pig menace at Gokulam 3rd Stage

Sir,

After the nypha various threat started I see two families of pigs roaming around freely at all times of the day in and around 7th to 10th Main of Gokulam 3rd Stage.

Apparently, they have been pushed out of their huts. Also stray dogs chase morning walkers and we have to search roads which has minimum street dogs and go for walk.

Also some of them have different preferences. They do not like noisy footsteps, people wearing spectacles, people wearing head-scarves, people carrying yoga mats and people wearing heavily striped T-shirts.

I request the authorities to ask the concerned to help in moving these animals to safe shelters.

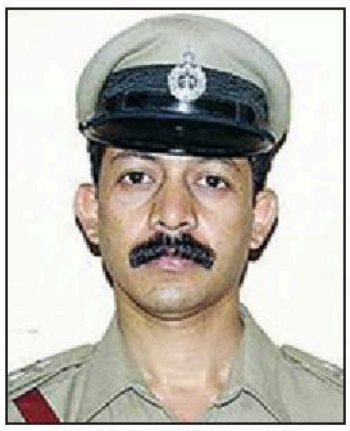
Two years after Dy.SP M.K. Ganapathy's suicide at Madikeri Lodge...

CBI to submit report to SC by month end

Madikeri, July 7 (PS&BCT)- Two years after Dy.SP Madappanda K. Ganapathy was found hanging at a lodge in Madikeri, the Central Bureau of Investigation (CBI) is likely to submit its report to the Supreme Court by this month end. Sources told *Star of Mysore* that the CBI is reaching final stages of its investigation and the report will be submitted to the top court by the end of July.

M.K. Ganapathy had allegedly killed himself wearing his uniform at room number 315 at Vinayaka Lodge in Madikeri on July 7, 2016, after appearing in a local TV channel interview in which he had alleged harassment by K.J. George, the then Home Minister (present IT, BT Minister) and two senior IPS Officers A.M. Prasad and Pronab Mohanty.

After many twists and turns, even as the State Government rejected a CBI probe, based on the family plea, the Supreme Court, on September 5, 2017, ordered the CBI to investigate



Dy.SP M.K. Ganapathy

the death. The CID had given clean chit to Minister George, Pronab Mohanty and Prasad.

Supreme Court Bench of Justices A.K. Goel and U.U. Lalit had said there were "startling" facts in the case which needed to be thoroughly probed in a fair manner to find out whether it was a case of murder or suicide. "We are not determining the nature of the offence or who is guilty. But public confidence and societal requirement demand that the guilty persons must be reached," the Bench said.

The Court passed the order on a petition filed by Ganapathy's father M.K. Kushalappa seeking a CBI probe. The Court also noted that the Officer had openly accused a Minister and two high-ranking Police Officers of harassment and had said if anything happened to him, only they should be held responsible.

Taking over the investigation, the CBI teams headed by Additional SP Kalaimani and Inspector Dilip from Chennai had visited Madikeri a couple of times. The team even found a bullet inside the room where Ganapathy's body was found.

Examining the room inch-by-inch, forensic experts and the CBI team found the bullet on the bed. Out of the 10 rounds in Ganapathy's 9 mm service pistol, two bullets were fired and the empty cartridges were found during the initial mahazar conducted by the Police and the CID. The CBI found one more bullet giving rise to many theories and speculations.

Amidst allegations by Opposition-BJP that the investigations by the State Police were botched up, the recovery of a new bullet from the crime scene nearly a year-and-a-half after the incident, raised many questions.

The CBI found anomalies in the post-mortem report of the deceased Police Officer. The CBI which recorded the statement of Dr. Shailaja, who conducted the post-mortem at the District Hospital in Madikeri, is said to have questioned the doctor on the anomalies found in the report. Dr. Shailaja is said to have told the CBI sleuths that she was asked by the Government to conduct the post-mortem treating it only as a suicide case.

The FIR filed by the CBI had named K.J. George as the first accused and IPS Officer Pronab Mohanty and A.M. Prasad as the second and third accused respectively.

BSP workers told to be ready for Lok Sabha polls

Mysuru, July 7 (RKB&DM)- Bahujan Samaj Party (BSP) Karnataka in-charge Dr. Ashok Kumar Siddartha has asked the party workers to ensure that the party performs well in the forthcoming Lok Sabha polls.

Addressing Mysuru zone party workers at Kalamandira here yesterday, Siddartha said that the 2019 Lok Sabha polls was an important one for the party and as such, the party workers should strengthen the base of the party right from the grassroot level.

Expressing hope that N. Mahesh, the lone BSP Minister in the JD(S)-Congress coalition Government would take care of the party's prospects in next year's LS polls, Siddartha said that party workers should strive for making BSP Supremo Mayawati as the next Prime Minister.

BSP National leader Veer Singh, National Vice-President Dr. Jayaprakash Singh, State President Prof. Hariram, leaders Arakalawadi Nagendra, Dr. Srinivas, Sosale Siddaraju and others were present.

Deadline extended till July 30 to apply for houses

U.T. Khadar

Bengaluru, July 7- Housing Minister U.T. Khader has announced that identification of the homeless and shelterless under the Pradhan Mantri Awas Yojana has been extended till July 30.

Speaking at the Legislative Assembly here yesterday, Khader said authorities had identified 15 lakh homeless families in the ongoing survey in the past two months.

Pointing out that the survey is being monitored by Taluk Panchayat EO and ZP CEO, the Minister said that the State government is extending a subsidy of Rs. 1.20 lakh under Basava Housing scheme.

Earlier, BJP MLAs K.G. Bopaiah, Araga Gnanendra and others highlighted the problems in the Housing Sector.

Speaker Ramesh Kumar, who intervened, said that Karnataka's policy on providing housing for the poor needs to be reviewed.

"The entire housing policy should be reviewed and reworked to ensure all the poor get shelter," Kumar said.

Woman waiting for city bus robbed of Rs. 2 lakh gold

Victim had kept the jewellery box in her vanity bag; Police say organised gang behind crime

Mysuru, July 7 (RK&BCT)- Commuters, beware if you are carrying gold jewellery and wads of currency notes while travelling in buses and other public transport as attention diverters are on the prowl. They employ novel tactics to rob the valuables and vanish without a trace.

These gangs, mainly consisting of women, are usually active during festive seasons when people are likely to withdraw substantial amounts of cash and carry gold along with them. But now, such gangs operate in all seasons. Some of the gang members are so proficient and deft that the victim does not even realise that the bag containing valuables has been opened and the gold or cash is taken out.

One such case where a woman, waiting for a city bus being robbed of gold jewellery worth Rs. 2 lakh, has been reported yesterday. According to Police, the incident took place on the busy Bengaluru-Nilgiri Road (B.N. Road) near Sub-urban Bus Stand.

H.L. Rakshitha, a resident of Manchegowdanakoppalu, was waiting for city bus on B.N. Road after she had alighted from another bus from Mandya. She had gone to Mandya along with her child on Wednesday evening to attend a relative's wedding. After attending the wedding, she returned to Mysuru yesterday.

Rakshitha and her mother, who had also accompanied her to the wedding from Srirangapatna, boarded a KSRTC bus from Mandya. While her mother got down from the bus at Srirangapatna, Rakshitha headed towards Mysuru along with her child. To be on the safer side, she had put all her gold jewellery in a box and put it in her vanity bag that she hung on her shoulder. After alighting from the bus at Sub-urban Bus Stand, Rakshitha was waiting for a city bus on B.N. Road at around 1 pm.

Criminals would have targeted her at this point, said the Police. Seeing the woman is holding a child in one hand and the vanity bag on the shoulders, one of the gang members would have approached her from behind and cleverly opened the vanity bag. After taking away the jewellery box, the criminal would have vanished from the place without even Rakshitha getting a slight indication that she has been robbed.

At this point, Rakshitha's child asked her for something to eat. When she was about to take money from the bag to buy some eatables, Rakshitha was shocked to see the zip of her vanity bag open. She discovered that gold ornaments that she had kept in the bag were missing. The total weight of the ornaments is 66 grams worth about Rs. 2 lakh.

She immediately called her husband Jayanth, who lodged a complaint at Lashkar Police Station. The Police are checking footages of the area where Rakshitha was waiting for a bus.

Police sources told *Star of Mysore* that these gangs basically thrive on a huge network of relatives who are also in the same profession of robbing commuters. Organised gangs have settled on the outskirts of Mysuru and they operate in a network. While some members of the gang inform about potential targets, other members of the gang specialise in the robbing act.

In Rakshitha's case, the jewellery box kept inside the vanity bag would have caught the attention of one such gang, Police said.

HC sets aside

annulment of University of Mysore teaching staff

Setback to State Government; High Court upholds Varsity's decision

Prof. Basavaraju

Mysuru, July 7 (RK&NNN)- The High Court has set aside the State Government's order of annulling the appointment of teaching staff of University of Mysore including that of former in-charge Vice-Chancellor Prof. C. Basavaraju. In all, the appointments of 113 teaching staff including 9 Professors and 30 Readers have been upheld.

High Court Justice A.S. Bopanna passed the order yesterday while disposing of the petitions filed by Praveena K.B. and others, who are working in various posts. When Prof. J. Shashidhar Prasad was the Vice Chancellor, 113 teaching staff including Prof. Basavaraju, Prof. Hemanth Kumar, Prof Rai, Prof. Sridhar and others were appointed in 2007.

There were allegations that the appointments were illegal. As there were lot of complaints, a one-man committee headed by Justice H. Rangavittalachar, a retired judge of the Karnataka High Court was constituted to look into the allegations. The committee had submitted a report to the government recommending it to stay the appointments. It had pointed out that the University had violated various norms governing the appointment process.

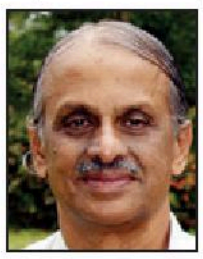
Based on the report, the State Government on June 18, 2014, had annulled the appointments of all the 113 teaching staff. Questioning this move, all of them had gone in appeal to the High Court.

The Court had in 2014 stayed the annulment and all the teachers continued working in their respective posts.

Though Section 10 (1) of the Karnataka State Universities Act 2000 mandates the State to afford an opportunity to the University before annulling any decision of the University for not being in conformity with the provisions of the Act, the court found that an interpretation of this provision of the Act by the High Court has made mandatory for the government to use notice to the individually-affected persons from the action of annulment.

Even though the decision of the High Court is a big setback for the Government, justice seems to have been done for the 113 teaching staff. Also with this verdict the stigma attached to Prof. Shashidhar Prasad has been removed. Advocates Ashok Harnahalli and Bhagavath had argued before the court on behalf of the teachers.

I had not violated the University rules and followed all the due process while appointing 113 teaching staff. The UGC guidelines were followed and the appointments were done based on the directions from the government. Its approval was also sought for the appointments. However, a few people deliberately tried to annul the appointments. When I brought this to the notice of my father Dejagow (late Prof. D. Javaregowda, former Vice-Chancellor of University of Mysore), he had told me with a wry smile, 'Do not be afraid. If you have followed the Dharma it will save you.' I was not at all anxious. I was confident that I would get justice from the Court. Truth has triumphed. The stigma attached to me has been removed.



— Prof. J. Shashidhar Prasad, former Vice-Chancellor, University of Mysore

Food Technology course intake increased to 100

Announces CFTRI Chief Scientist R. Subramanian

M.Sc student Aditi (second from left) who bagged six gold medals seen with SJCE Principal Dr. T.N. Nagabushan, CFTRI Chief Scientist R. Subramanian, Food Technology Department Coordinator Dr.R.P. Singh and ISMT Coordinator Gangadarappa at the Awards function in the CFTRI auditorium in city yesterday.

Mysuru, July 7 (YDS&NNN)- There is a huge demand for food technology courses and along with increasing the intake to 100, a Centre of Excellence will be opened soon, said Central Food Technological Research Institute (CFTRI) Chief Scientist R. Subramanian.

He was speaking at the Awards Day function organised at the Institute auditorium, here yesterday and said that at present only 25 students were being admitted to the food technology courses.

This will be increased to 100 students. Even the Institute Management Committee has advised the institute to increase the intake, he added.

The demand for the courses irrespective of whether it is Post-Graduation or certificate has increased, as the job opportunities are there both in the country and abroad.

Apart from this, it is equally important to focus in the fields of water, food and health, he said.

Earlier, Sri Jayachamarajendra College of Engineering (SJCE) Principal Dr. T. N. Nagabushan said that technology was growing very fast and people were adopting and using it in their daily lives.

He distributed medals and certificates to the students of M.Sc (Food Technology) and ISMT (International School of Milling Technology).

Aditi bags 6 gold medals

Aditi topped the list of medal winners by bagging six gold medals in M.Sc (2015-17). Meethu Pandey and K.Mohammad Usmad who scored the highest marks in Plantation Products and Flowers were conferred one gold medal each, while Shweta Srivatsa got the silver medal and Vishwamitra Angarika and Varun Arora were presented the Ranganna Setty award.

In the ISMT course Hippur Khan won the G.K.Jalan gold medal, Rahul Prakash Wagh got the Delhi Flour Mill Silver Medal and Vatsagupta the Shivaji Roller Flour Mill Bronze Medal.

Certificates were presented to Divya Choudhary, K.C. Sharatchandra, P. Shibina and Manu. Food Technology Department Coordinator Dr.R.P. Singh and ISMT Coordinator Gangadarappa were present on the occasion.

Pratibha Puraskar

Mysuru, July 7- The Sri Kalikamba Kamateshwaraswamy Temple Trust K.T. Street, Mandi Mohalla, has invited applications from meritorious Vishwakarma community students of the district who have scored 80 percent or more marks in SSLC, PUC (2017-18) for presentation of 'Pratibha Puraskar', sponsored by Gayatri family of Gayatri Talkies in city.

The application forms along with requed records, must be submitted to the Temple office before July 23.

The Pratibha Puraskar will be hold at 5.30 pm on July 30 at the temple premises.

For details, call Mob: 94480-76977, 98457-73258, according to a press release.

43 Primary School teachers get promotion to High School

DDPI Mamatha distributing order copies to the Primary School teachers promoted to High School.

Mysuru, July 7 (RK&NNN)- Several eligible Primary School teachers who were waiting for years for promotion, are now a relieved lot as the Department of Public Instruction has finally promoted them to teach in High Schools.

DDPI (Dy. Director of Public Instruction) Mamatha conducted a counselling session at her office to the teachers yesterday and the Primary School teachers who had B.Ed degree and promoted to High School were given order copies.

In all there are 119 vacant posts of High School teachers in Mysuru District. 43 were given promotion to High School, out of whom 22 were posted to teach Kannada, 3 in Science (PCM), 9 (CBZ), 6 Hindi and 3 Physical Education teachers totalling 43, said Mamatha speaking to *Star of Mysore*.

There is a provision to fill 50 per cent of the posts in rural Government High Schools through promotions and the remaining can be filled by appointing guest teachers. Similarly, the Government has to issue a notification to fill the vacant teachers post in Primary Schools, she said.

Reacting to the promotion, Mysuru District High School Teachers Association President C.B. Arun Kumar said that since there was shortage of teachers, teaching had suffered.

Since teachers have been promoted and guest teachers appointed, the problem has been resolved.

Primary School Teachers District Secretary K.B. Somegowda said that it was a moment of joy for the Primary School teachers who were awaiting their promotion since a long time after getting the due qualifications. In the last three years promotions had been stalled.

The DDPI with her move to promote the teachers has encouraged the deserving teaching community, he added.

Chhau Dance Mask on display at IGRMS

Chhau dance is one of the mask dances of India. It is also spelled as Chau or Chhau and is a semi-classical Indian dance with martial, tribal and folk origins with roots in the Eastern States of Jharkhand, West Bengal and Odisha. It is found in three styles named after the location where they are performed — the Purulia Chau of Bengal, the Seraikella Chau of Jharkhand, and the Mayurbhanj Chau of Odisha.

The costumes vary between the styles, with Purulia and Serakeilla using masks to identify the character. The stories enacted by Chhau dancers include those from the Hindu epics Ramayana and Mahabharata, Puranas and other Indian literature. The dance is traditionally an all-male troupe.

The most interesting fact is that Purulia Chhau dance is listed in UNESCO's world heritage list of dances. These Chhau masks are made by the artists from Sutradhar community.

In continuation of its *Exhibit of the Month Series,* **Indira Gandhi Rashtriya Manav Sangrahalaya (IGRMS),** National Museum of Mankind, Southern Regional Centre, has displayed RAM - The Chhau Dance Mask from West Bengal, at Wellington House, Irwin Road, Mysuru.

The exhibit, inaugurated by IGRMS Mysuru Officer-in-Charge, J. Vijay Mohan on July 5, **will be displayed during the month of July from 10 am to 6 pm daily.**

International Jawa Day tomorrow

A file photo of the bike rally

Mysuru, July 7 (KS) - Mysuru Jawa Club and Jawa Friends Club, Mysuru, will be celebrating the 16th International Jawa Day in city tomorrow.

A team of about 150 members of Mysuru Jawa Club will take out a bike rally which will be flagged off from V.K. Function Hall in Nazarbad at 9 am.

The rallyists will pass through Nazarbad, Harding Circle, Chamaraja Double Road (100 ft. road), Ramaswamy Circle, Saraswathipuram Fire Brigade, New Kantharaj Urs Road, Vishwamanava Double Road in Kuvempunagar, Mysore University Road, Hunsur Road, V.V. Mohalla Temple Road, Paramahamsa Road and Joy Ice Cream Factory Road in Yadavagiri. For details, contact Mob: 80508-55995.

Rally to Bandipur

About 100 members of Jawa Friends Club will be taking out a rally to Bandipur.

The rally will be flagged off from Nanjumalige Circle tomorrow at 7.30 am which will pass through the main thoroughfares of city before proceeding towards Bandipur. The rally will conclude at Bandipur Gate.

For details, contact Sameer on Mob: 98444-25591, according to a press release.

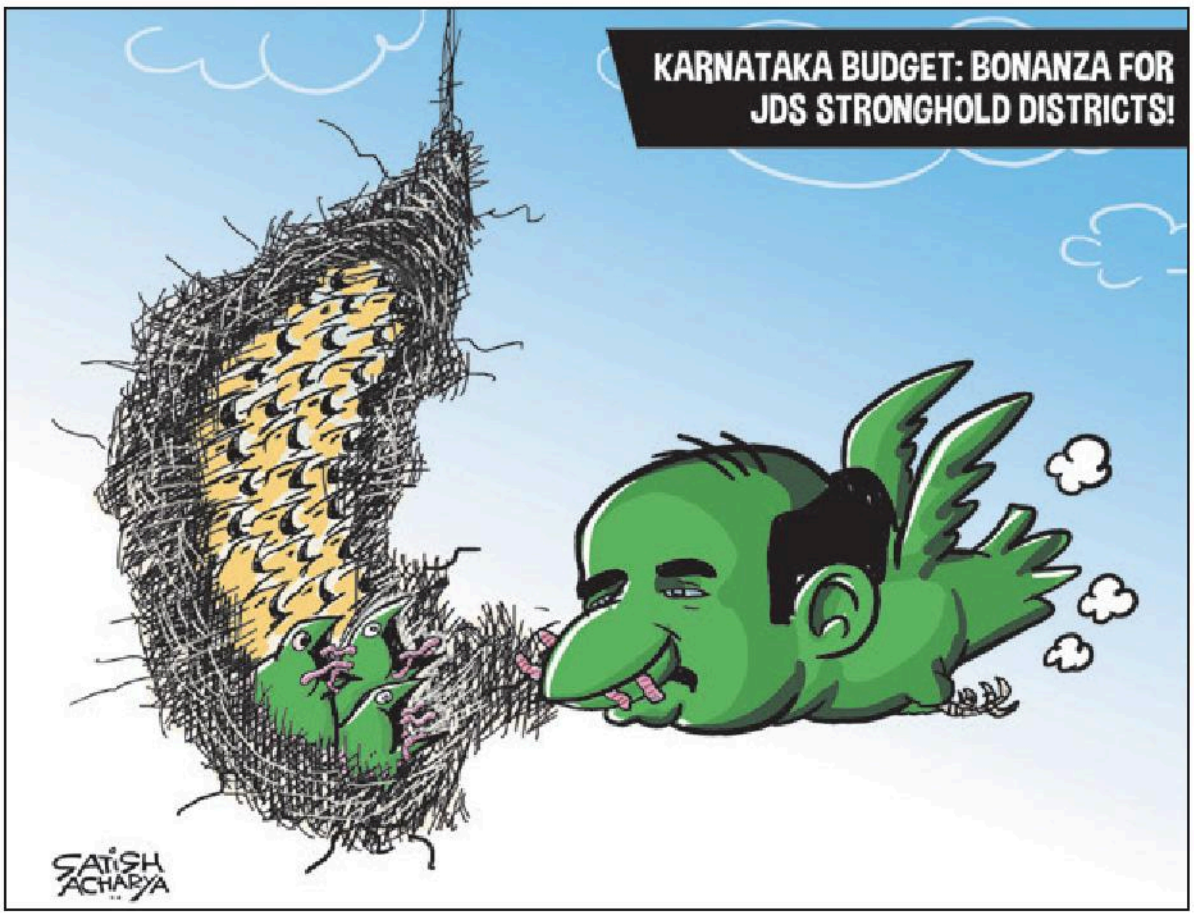
CM playing Favourites?



Chief Minister H.D. Kumaraswamy at a post-budget press conference asked, "What is wrong if I give a little more to the districts that voted for our party?" He was talking about Mandya, Hassan and Ramanagara districts that voted overwhelmingly for JD(S) and got special attention in his budget.

Well, favouritism is wrong in a democracy. A government has to invest tax-payers' money where there are better returns on investment, both socially and economically and not to secure a vote-base.

Let's see some of the projects this government has proposed for its three pet districts.

Mandya is getting Rs. 30 crore to upgrade its medial college but the 60,000 government schools across the State are getting just Rs.150 crore for repairs!

Mandya is getting Rs.50 crore to meet drinking water needs and Rs. 23 crore for mini water supply while North Karnataka is still waiting for some water.

Hassan too gets a Rs. 70 crore drinking water project, a mega dairy project costing Rs. 50 crore and a 400-bed hospital even though there already exists a 500-bed hospital ! Most intriguing is that Hassan also gets Rs. 10 crore to revive an old implements manufacturing plant... keyword "revive."

The CM's third pet district Ramanagara is getting a 300-bed super-speciality hospital. While Kodagu, a district far from an urban centre and that gives much more revenue to the State than Ramanagara, does not even have a proper government hospital. Is this because Kodagu voted for BJP?

Apart from a Hospital, Ramanagara is set to get a children's park at a cost of Rs. 30 crore! Why do we need this when there is already an international standard Children's Theme Park called 'Wonderla' in Ramanagara itself?! Also Ramanagara is getting a Rs. 50 crore Film University!

Speaking of Universities, the CM has announced four new Universities in the State and they seem ridiculous.

The first one is a 'Sports and Body Building University'! Yes, Body Building! and it's not even an Olympic sport. And do we need a University for Sports? Instead, why can't the government first provide proper nutrition, travel allowance and infrastructure to the sports persons and sports hostels that already exist in the State?

Second, a 'University for Homeland Security.' This is to train security personnel who are working for the government and private security firms. Do we need a University to train security guards? And don't we have Police training centres for government security personnel?

Then there is the 'Film University' to be set up in Ramanagara at the cost of Rs. 30 crore and finally, the fourth University, a 'Tourist University' in Hampi! Why do we need a University to train tourist guides?

All the above training can be fulfilled by adding a new certificate programme at the existing Universities and Police training centres.

Our government can't even find a Vice-Chancellor for the famed 100-year-old Mysore University and are unable to fill over 50% of the teacher vacancies in the University and they want to build more Universities?! How audacious.

By the way, what did Mysuru get? Silk market, a plan for chip manufacturing unit and a frozen semen distribution centre.

Oh ! And KRS is going to be turned into Disneyland at a cost of Rs. 5 crore ! When the CM's SUV itself costs over Rs. 1.5 crore, how can he expect to build a Disneyland at just Rs. 5 crore ?! Also our government can't even maintain a small Bal Bhavan in our city and they want to build Disneyland ?!

There are many other ridiculous projects such as Rs. 20 crore to house artists coming from other countries! Why? Can't they stay in hostels and hotels? Also there are crores being given to Mutts, why? They are anyway exempt from paying tax so let their devotees pay them, why should the tax-payer? Then there is Rs. 5 crore for Karnataka Bar Council to encourage "judicial activities." What does this even mean?

Now, the centrepiece of the Budget was the loan waiver. We wonder how much of this money will actually reach the needy farmer. To begin with most of the farmers who have taken loan under Rs. 2 lakh have borrowed from a loan shark, not a bank. So who is going to help them? And more importantly, how often is the government going to keep bailing them out? If this becomes a routine, then even farmers who don't need the money will take a loan and wait for a waiver. This is already happening.

More than loan waiver, the government needs to educate our farmers to change their crops based on the market and more importantly, the government needs to get rid of the middlemen who are the main cause for farmers not getting market price. Loan wavier is only 'treating' the symptom, not 'curing' the disease.

With unabated migration of villagers to urban centres, what is needed is skill training and support for small scale industries which create jobs.

Now, the government has announced a "Compete with China' programme in this budget, but before making such grand programmes let the government first take back the vacant industrial lands being hoarded by land-sharks illegally and give it to genuine industries.

While farmers are being saved, the middle class is being harassed. Petrol may force people to use public transport, but where is the public transport that is efficient? And increase in diesel price will make other products costly and increased electricity tariff is going to hurt industries.

While the three districts — Mandya, Hassan and Ramanagara — got sweet deals and projects what did others get? Well, North Karnataka got two hospitals, a solar field and two semen distribution centres.

Then there are Udupi, Dakshina Kannada, Uttara Kannada, Kodagu, Chikkamagalur, Davanagere, Raichur, Yadgir and Bagalkot, these districts got nothing.

If one notices, the CM's favourite districts got numerous projects that can be started quickly, which means money can be released immediately whereas the few projects that are in North Karnataka are long-term projects that will take time to even take off by which time election would have come and gone.

This step-motherly treatment is surely going to embolden the leaders in North Karnataka like A.S. Patil Nadahalli and Umesh Katti, who have been demanding separate Statehood for North Karnataka.

Now, it was the job of the Congress to remind our CM that he cannot play favourites but Congress is so desperate to stop Modi, they don't care if Karnataka suffers.

The Congress seems to forget that the CM is securing his main vote-base and by doing so he can forever hold Congress hostage.

For now, the CM's budget seems to indicate that he does not expect his government to last long and is preparing for the next election.

Sadly for us Mysureans, everyone has let us down... First the PM came and told us Mysuru can be made into Paris. Now, the CM says he'll give us Disneyland. Looks like we Mysureans will for ever be in a Dreamland.

Weekend STAR Supplement

Mysuru Saturday 7th July 2018

No Joyride at Bal Bhavan

Jawahar Bal Bhavan at Banimantap was once a beehive of activity. It was a popular amusement spot for children and they used to visit the place during weekends, especially to take a joyride on the toy train. But now forget children, even adults hesitate to visit this place.

This *Weekend Star Supplement* shows how the once must-visit destination for children has become an eyesore, thanks to official apathy, land tussle and lack of coordination between government departments. All of them have literally killed the joy, fun and frolic of innocent children.

Pics by M.N. Lakshminarayana Yadav

STAR OF MYSORE Saturday 7th July 2018 Weekend STAR Supplement Page - 11

The Haunted Amusement Park

Many structures were constructed at the sprawling Bal Bhavan campus as part of MUDA's grand plans of revamping and reconstruction. Unfortunately, none of the plans have materialised and all the constructions have gone waste. Some of the structures resemble haunted houses.

The Children's play area at Bal Bhavan is covered with waist-high weeds with playing equipment rusting. Sadly, the place that was supposed to be a must-visit for children is inhabited by poisonous snakes and scorpions.

By Rajkumar Bhavasar

The phrase 'better late than never' (it is better to do something or arrive after the expected time than not do it or arrive at all) does not suit well for Jawahar Bal Bhavan at Bannimantap in Mysuru as there are no hopes of revival of this Godforsaken place that resembles a dungeon and of course, displays the callousness of officialdom bold, loud and clear.

There is an urgent need to give the place its old charm back and execute the plans for modernising the place, adding facilities and attractions to draw children. Otherwise, the Bal Bhavan may be forgotten once for all.

Bal Bhavan was once a beehive of activity. It was a popular amusement spot for children. Children used to visit the place on weekends, especially to take a joy ride on the toy train. But now, forget children, even adults hesitate to visit this place. The beautiful lawn is now full of weeds and has become a home for snakes and scorpions.

Bannimantap is known for two things – one is the Torchlight Parade Grounds (that is in good condition thanks to the facelift it gets every Dasara) and the other is the Bal Bhavan which has now become an eyesore. Weeds have been allowed to grow waist high, making it impossible for the children to play at ease.

Moreover, the grand plans of Mysuru Urban Development Authority (MUDA) to revamp the place have been abandoned.

Concrete structures that have come up inside the Bal Bhavan stand as mute testimonies for the grand plans that were implemented half way through and forgotten. Groups of stray dogs roam freely around the premises. There is no security guard to keep away unwanted people.

Toy train main attraction

The toy train which was the last remaining attraction has been abandoned and the vagaries of weather have made the toy train a rusty vestige. The narrow gauge line track is broken and covered with wild grass. In fact, the toy train was a "face-saver" for Bal Bhavan's management. Long before the Bal Bhavan reached its present state of neglect, there were children coming here just to take a ride in the toy train.

During weekends, festivals and summer holidays, the whole Bal Bhavan was filled with fun and frolic of children. Parents would visit here with children those days. Viewing cinemas, playing on the slides, reading children's books and listening to stories were all a part of the visit to Bal Bhavan. However, now children are deprived of all these activities.

The toy train was running on the 1.1 km circular track and every Saturday and Sunday the bogies would be full of screaming children. The ticket for children was Rs. 10 and for adults Rs. 20. This was a major source of revenue for Bal Bhavan. But today the toy train engine is lying idle since the last three years and the train is rusting.

The toy train which could accommodate 60 children at one time is now filled with dust and grime. There is no drinking water facility. The roof tiles and the doors of public toilets are broken and it points to the utter neglect of the place.

LAND TUSSLE

The 13-acre Bal Bhavan land is owned by the Mysuru Urban Development Authority (MUDA) and it had leased it out to Department of Women and Child Welfare for 30 years. The lease agreement was signed in 1977 and the lease ended in 2007.

After the deal was signed, the department had created an amusement facility for children and turned the plot into a popular destination. But after the lease term ended, activities stopped and the area was abandoned. Since then, all efforts by the Women and Child Welfare Department have gone in vain as MUDA was not ready to continue the agreement.

Even the Bal Bhavan Society in Bengaluru made all efforts to continue the lease but to no avail till now. However, the MUDA authorities did not show any inclination either to continue or renew the lease period.

In 2016, MUDA decided on its own to renovate the place and sanctioned Rs. 5 crore for the development. It laid the foundation stone and took up several development works. However, it looks like everything is in vain as there are only bare structures and neither MUDA nor Bal Bhavan authorities have come forward to set things right.

Structures for two ice cream parlours, hotel building, gazebos at two places for the children to take rest, two huge water tanks, toilet buildings, a huge building for gaming activities of children, makeup rooms on either side of the open air theatre, were all built but MUDA but it suddenly neglected the place. Even though crores of rupees have been spent, most of the works remain incomplete and lying in a state of forlorn.

MUDA had planned to build a swimming pool, waterfalls, a park and modern amusement games and facilities to educate children on this land. Other attractions of the proposed park were e-planet for awareness about science, technology and space, birthday party hall, open air theatre for cultural programmes, restaurant for savouring tasty dishes, shelters for resting, two units of safe drinking water, toilets and the toy train. The gates at the entrance and exit points were proposed to be designed as look-alikes of animals such as lion, peacock and elephant which were aimed at attracting the attention of children. A variety of gaming toys at the play arena were also planned.

[Continued on page 12]

Will children ever have fun here?

This was supposed to be a stage for children to celebrate birthday parties and hold events with their friends. Pictures below show abandoned structures and a garbage dump inside Bal Bhavan.

[Continued from page 11]

However, it looks like everything is in vain as there are only bare structures and neither MUDA nor Bal Bhavan authorities have come forward to set things right. Despite the urgency for adding new facilities and putting in place a mechanism for regular maintenance of the Bal Bhavan, the authorities concerned have been indifferent to the suggestions and children's interests.

The people of Mysuru are now hoping that since Tourism Minister S. R. Mahesh is focusing on development of tourism in Mysuru, he will take keen interest to develop Bal Bhavan.

MUDA blamed

There is a small repair work on toy train engine to be done. Even if it is repaired it cannot be run as the track is broken. The wooden reapers beneath the track have to be changed and concrete ones have to be laid. But there is no co-operation from MUDA.

— Krishnamurthy, Principal Organiser, Bal Bhavan

No response from MUDA

Bal Bhavan Advisory Committee Chairman and Zilla Panchayat CEO P. Shivashankar had held a meeting two months ago and discussed about the issues. The lease between Bal Bhavan and MUDA expired in 2007. But in spite of several representations, MUDA has not bothered to get back to us on whether they want to run the place or not. Even the Bal Bhavan Society, Bengaluru had written to the MUDA Commissioner. After the discussion in the Advisory Committee meeting, the file for renewal has been sent to MUDA. But there is no response."

— P. Shivashankar, Chairman, Bal Bhavan Advisory Committee

MUDA awaits iDeck report

"The focus is on entertainment and there are plans to introduce several new features in Bal Bhavan. **As of now the Rs. 5 crore that was sanctioned earlier has been spent.** We are awaiting new project line estimate from Infrastructure Development Corporation of Karnataka (iDeCK) who will take up the work. We have got a report from the iDeck that the toy train may not be feasible."

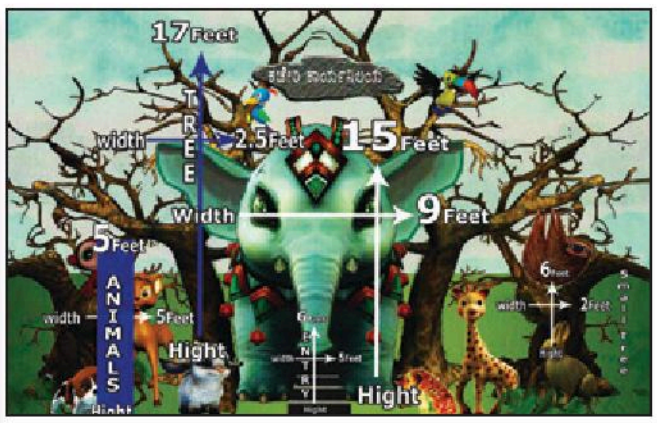
Once the report is submitted, we will place it before MUDA Board for approval and begin the works. Meanwhile, the work on increasing the seating capacity in Bannimantap Torch Light Parade Ground from 22,000 to 33,000 is going on in full swing and it is likely to be completed before this year's Dasara."

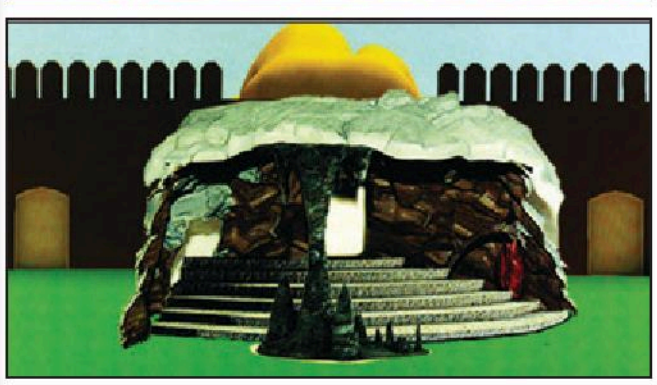
— P.S. Kantharaj, Commissioner, MUDA

MUDA PLANS GONE AWRY

Here is a glimpse of MUDA grand plans (that have now been partially done and abandoned) for Bal Bhavan

- **E-PLANET AND VIDEO GAME**
  (Rs. 70 lakh) for entertaining children
- **BIRTHDAY PARTY HALL**
  (Rs. 20 lakh) to enable children to celebrate birthdays
- **OPEN AIR THEATRE**
  (Rs. 30 lakh) for staging plays & other programmes
- **RESTAURANT**
  (Rs. 42 lakh) for the benefit of children and public
- **SHELTERS WITH SEATING**
  (Rs. 34 lakh) for visitors to relax
- **ICE-CREAM PARLOURS**
  (Rs. 16 lakh) for providing tasty ice-creams to children
- **DRINKING WATER FACILITY**
  (Rs. 6 lakh) for providing safe drinking water
- **TOILET BLOCK**
  (Rs. 25 lakh) for the convenience of children & parents
- **COMPOUND WALL**
  (Rs. 75 lakh) to provide security to infrastructure
- **UPGRADATION OF TOY TRAIN**
  (Rs. 63 lakh) the existing toy train will be renovated





The original MUDA plan to revamp the Bal Bhavan had designer entrance (with lion and elephant faces) and exit points. All the plans are in cold storage now.

Heart on the Move

(Continued from page 1)

Namana and Aravinda were proceeding downhill after visiting Chamundeshwari Temple when a car rammed into the bike and sped away near the Watch Tower Junction.

While Aravinda Rao died on the way to hospital, Namana, hailing from Sakleshpur near Hassan, sustained severe injuries. Namana was rushed to the Apollo Hospital in Mysuru. Both Aravinda and Namana were B.Com students.

Doctors treating Namana had told her parents yesterday that she was not responding to treatment despite their best efforts to revive her. The parents were told that Namana's multiple organs were gradually failing and the medical intervention did not show any progress. Her chances of survival were bleak.

Considering their daughter's critical condition, Namana's parents decided to donate her vital organs and informed the doctors who then arranged for the transport. After certifying that the organs were fit to be transported and transplanted to recipients, legal formalities were completed and the consent of the parents were obtained.

Doctors at Apollo Hospital then contacted BGS Global Hospital, Bengaluru that consented to accept the organs. Accordingly, surgery process began at 6 am today and the organs were harvested and stored in hi-tech containers. Hospital authorities then contacted City Police Commissioner A. Subramanyeswara Rao and requested him for the green corridor.

Initially, the Police, after informing the ground-level officers in Mysuru, Srirangapatna and Mandya cleared the route via Ring Road. But as the ambulance had to travel 18 kilometres extra, another route within the city was cleared. Accordingly, the ambulance, along with two siren-blazing police jeeps and two escort vehicles, proceeded from Kuvempunagar, K.G. Koppal Underpass, Court Road, Vinobha Road, Hotel Metropole, JLB Road, RMC Circle, Highway Circle and Millennium Circle to hit the Bengaluru Highway.

After the ambulance crossed Mysuru and headed towards Srirangapatna, signal-free barricaded corridor was created. Usually, the respective Police jurisdictions take over the responsibility of escorting such ambulances. But today it were the same two escort vehicles that led the ambulance till Bengaluru.

Namana's lungs were given to BGS Global Hospital, one kidney to Victoria Hospital, Bengaluru, Heart valves to Narayana Hrudayalaya and one kidney to Apollo BGS Hospital, Mysuru.

Apollo Hospital sources told *Star of Mysore* that this was the third time live vital organs were transported from Apollo Hospital in the recent past. Last Thursday too, a live heart was transported from the Hospital to Bengaluru at 7.50 am to reach Bengaluru at 9.20 am.

Monsoon picks up, road blocked

Vehicles stranded after the makeshift bridge caved in at Thithimathi in Kodagu this morning.

(Continued from page 1)

There is over one feet of water over the main Bhagamandala Bridge. If it continues to rain till today evening, the Triveni Sangam will be submerged. Already, the Triveni Sangam at Bhagamandala has been submerged four times since the first week of June. The water tank of Sri Omkareshwar Temple at Madikeri is overflowing and water is gushing on the road.

Kerala link Road

The road that links Kodagu and Kerala via Makutta and Perumbadi has been partially restored and only light vehicles are being allowed now. The road has seen extensive damages as over 20 kilometres of this stretch has been destroyed by landslides and tree fall. Small bridges have either been washed away or damaged and water has entered many houses. Some of the houses that have been constructed in slopes have collapsed.

Traffic banned

The District Administration had banned traffic till July 12 on this road and the administration opened the road for light vehicles since yesterday. Bus travellers from Kerala towards Virajpet and from Virajpet to Kerala have been asked to take the road via Gonikoppal, Ponnampet, Kutta to reach Manandavadi in Kerala.

Organ donation campaign launched

S. C. Ramdev and Viju Ramdev seen with (standing from left) Rtn. B.G. Nagaraj, Chairman Body Donation Campaign, Rtn. Shobha Nagaraj, Director Youth Service, Rtn. M. Perumal, President, Rtn. Jyothi Mukesh, Secretary, Rekha Rohit, Rtn. Rohit Ramdev, PDG Avinash Potdar, chief guest, Dr. N. M. Shama Sundar, Rtn. Sunil Baliga, Asst Governor Zone-7 and Rtn. Pooja Baliga, Joint Secretary.

Mysuru, July 7- Rotary Ivory City Mysuru in association with JSS Medical College, Mysuru, has launched the project of spreading awareness about "Body and Organ Donation to Medical Colleges."

The project was launched on the occasion of the Installation Ceremony of the new office-bearers of the Club for the year 2018-19 under the Presidentship of Rtn. M. Perumal. The project has been taken up under the guidance Dr. N. M. Shama Sundar, Professor of Anatomy, JSS Medical College.

The noble gesture of donating body immediately after the death helps immensely in educating students of medical profession far more effectively than what they learn through books and other media, said Prof. Shama Sundar.

The Club felicitated S.C. Ramdev, his wife Viju Ramdev, son Rohit Ramdev and daughter-in-law Rekha Rohit for their decision to donate their bodies for medical research.

A pamphlet was also released by the Club to create awareness among public about the myths and facts about body donation.

For details, the general public may contact Dr. Shama Sundar on Mob: 98452-06284 or 99005-68339.

Ex-Corporator Mahadesh produced before City Court

Mysuru, July 7 (RK&DM)- Former Corporator C. Mahadesh (Avva Mahadesh) and his brother Manjunath, who have been sentenced in connection with a double murder case at Hunsur and also named as accused in the sensational murder of rowdy-sheeter Devu that took place at Paduvarahalli in the city two years ago, were produced before a City Court this morning in connection with the threat to the then Lakshmipuram Police Inspector Siddaraju.

Mahadesh and his brother Manjunath were charged by the Lakshmipuram Police last year for threatening the then Inspector for not allowing his (Mahadesh) followers to meet him when they were produced in the Court.

The duo, who were lodged in Ballari Jail, were brought to city under tight security this morning and produced before the Second Additional District and Sessions Court Judge.

The duo, after the hearing, were taken to Lakshmipuram Police Station for completion of formalities, following which they will be taken back to Ballari Jail, it is learnt.

Mahadesh and Manjunath were convicted and sentenced to life imprisonment by a City Court in Feb. 2016 in connection with a double murder in Hunsur that took place in 2008.

Broken manhole cover posing danger in Hootagalli

A broken manhole cover at MIG-1, Group-3, KHB Colony in Hootagalli is posing danger to motorists besides causing a lot of inconvenience due to unbearable stench emanating from it. Authorities concerned are urged to install a new manhole cover at the earliest.

Replace the damaged manhole cover in Gayathripuram

The manhole cover just besides the MCC Zonal Office No. 9 in Gayathripuram 1st Stage, which is broken, needs to be replaced. A SOM reader who has sent this photograph said that he lodged a complaint (complaint number MYS-JH-UGDWS-18-19-953093) on June 26 and promptly received a message on his cell phone, which stated that the problem would be resolved. On July 2, the reader received a message which stated that the problem has been set right but when he visited the spot, the problem was not attended to and the same broken manhole cover was still in place. He has questioned, 'How can the MCC send the message that they have solved the issue, when they have not even attended to the complaint and the problem still existed?' Authorities concerned are urged to take steps to get the broken manhole cover replaced at the earliest.

Know Your Ward

Mysuru, July 7- The Urban Development Department, based on 2011 population census, had issued a notification on Feb.8, 2018 delimiting Mysuru City Corporation (MCC) Wards. FIFA World Cup 2018

Belgium score 2-1 win over Brazil, knocks them out of World Cup

Brazil's forward Neymar attempts a shot on goal during the World Cup quarter-final football between Brazil and Belgium at Kazan Arena in Kazan.

Kazan, Russia, July 7- Belgium ran out 2-1 winners against Brazil to end the Selecao's World Cup at the quarterfinal stage on Friday night, sending Neymar's side home from Russia and putting Roberto Martinez's team into the semifinals.

A Fernandinho own goal and a brilliant Kevin De Bruyne strike gave Belgium a spot in the last four for the second time after 1986 and sees Brazil eliminated in the quarterfinals for the third time in the last four World Cups.

A furious opening 10 minutes saw Thiago Silva clatter a close-range strike off the post and Nacer Chadli blaze a fine shot just wide of goal for Belgium. And it was Belgium that took an early lead in the 13th minute when Vincent Kompany redirected a Chadli corner kick on frame that bounced off Fernandinho's arm and into the net for an own goal, the 11th so far at this World Cup.

De Bruyne then doubled Belgium's lead just past the half-hour mark, firing a low, line drive into the side netting from a Romelu Lukaku assist after the Manchester United striker's marauding run through midfield.

Brazil — down 2-0 and trailing for the first time in Russia — seemed to sense the urgency of the situation and poured forward. Thibaut Courtois palmed away a goal-bound Gabriel Jesus header on 36 minutes before stopping a curling Philippe Coutinho shot that was headed for the back of the net.

De Bruyne, playing in a more advanced role than he had in Belgium's previous four matches, was at the heart of his team's best work, managing transition from rearguard defence to attack with vision and accuracy.

Neymar had a penalty shot waved off early in second half as he charged into box and appeared to be tripped, but replays showed referee made the right call.

VAR came into play soon after the Neymar penalty shout when Kompany tripped up Jesus near the Belgium goalline, but after review the video assistant did not award a spot kick to Brazil.

And substitute Renato Augusto gave Brazil hope in the 76th minute with a glancing header from a deft Coutinho chip that beat Courtois and cut the Selecao's deficit in half. Brazil were nearly back on level terms twice soon after, but Augusto fired his shot from just outside the area wide of goal before Coutinho skied a shot from Neymar's laid-off pass well over the bar.

Belgium will now face France, who beat Uruguay 2-0 earlier in the day, in the semifinal at St. Petersburg on Tuesday to earn a place in World Cup final.

Wimbledon 2018

Federer marches on with another straight sets win

London, July 7- Top seed and defending champion Roger Federer advanced to the Wimbledon last 16 without dropping a set after a 6-3 7-5 6-2 win over German Jan-Lennard Struff on Friday.

Federer, seeking a record ninth Wimbledon title, eased through the first set before the big-serving Struff put up more of a fight in the second. But Federer clinched it with a superb service game that included a wonderful volley at the end of a long rally followed by a winning drive down the line.

The 36-year-old Swiss proceeded to win his 29th consecutive set at the All England Club and wrap up victory on Centre Court with an ace on his first match point in just over one and a half hours.

Serena enters 4th round

Serena Williams boosted her chances of winning an eighth Wimbledon and 24th Grand Slam by making the fourth round at the All England Club on Friday as big sister Venus fell victim to the curse of the seeds. Serena, seeded a modest 25 this year, enjoyed a 7-5, 7-6 (7/2) win over France's Kristina Mladenovic to set up a last-16 duel with Russian qualifier — and fellow mother — Evgeniya Rodina. Victory on Centre Court, sealed with a 13th ace, came 20 minutes after Venus, a five-time champion, had slumped to a 6-2, 6-7 (5/7), 8-6 loss to Kiki Bertens of the Netherlands over on Court One.

Roger Federer

Serena Williams

Only two of the top 10 seeds remain in the women's draw — number one Simona Halep, who plays her third round match on Saturday, and seventh seed Karolina Pliskova who came back from 1-4 down in the second set to defeat Mihaela Buzarnescu 3-6, 7-6 (7/3), 6-1. Also exiting was 10th seed Madison Keys, who had made at least the quarter-finals of her last three majors.

The American lost 7-5, 5-7, 6-4 to Rodina, ranked 120th in the world. Stefanos Tsitsipas became the first Greek man in the Open era to make the last 16 of a Slam as the 31st seed beat Italian qualifier Thomas Fabbiano 6-2, 6-1, 6-4. The 19-year-old will face US ninth seed John Isner for a place in the quarter-finals.

France score 2-0 win over Uruguay

France reached the World Cup semifinals after a relatively straightforward win over Uruguay courtesy of goals from Raphael Varane and Antoine Griezmann. Varane opened the scoring on 40 minutes before Griezmann made it 2-0 just after the hour mark following a dreadful error from Fernando Muslera in the Uruguay goal.

Edinson Cavani was only fit enough to start on the bench following the calf injury sustained in the round of 16 win over Portugal and replacement Cristhian Stuani toiled in his absence as Uruguay crashed out. France, winners in 1998, will face either Brazil or Belgium in the semifinals on Tuesday.

With Uruguay conceding just one goal in 2018 ahead of this match — to Pepe in their 2-1 win over Portugal — France faced the tough prospect of penetrating a resolute backline but in the end they prevailed, thanks in part to Muslera's howler.

Olivier Giroud's header found Kylian Mbappe, who had all the time in the world to bring it down and shoot. Instead, he headed first time and the chance harmlessly bounced over. Uruguay were tenacious without the ball without unduly troubling the France defence but five minutes before half time, they fell behind.

Martin Caceres thought he had equalised with a header of his own from a free kick soon after but Hugo Lloris somehow denied him with an incredible reflex stop and Diego Godin ballooned the rebound over the bar.

Uruguay pushed for equaliser in the second half but things got worse on 62 minutes as Griezmann doubled France's lead.

Farmers stage protest to demand release of Kabini water

Mysuru, July 7 (RKB&DM)- Farmers under the banner of State Federation of Farmer Associations and State Sugarcane Growers Association staged a demonstration in front of CADA (Cauvery) office on Sayyaji Rao road here yesterday, demanding full-scale release of water from Kabini Dam.

Maintaining that the Kabini Dam got filled up nearly 25 days ago, the farmers accused the State Government of releasing water to Tamil Nadu, while ignoring their demand to release water in the canals for agriculture purposes.

Reminding that last year too, the farmers faced similar problems as water was released to Tamil Nadu from Kabini, the farmers cautioned the authorities not to repeat the same.

Reiterating their demand of releasing water in all Kabini canals, the farmers warned of launching a stir if water was not released.

Cane Growers Association President Kurubur Shantakumar, Secretary Attahalli Devaraj, Saragur Shankar, Kerehundi Rajanna, B.P. Parashivamurthy and others were present.

Krishna Reddy is Deputy Speaker

Bengaluru, July 7- Chintamani MLA **M. Krishna Reddy** of the JD(S) was unanimously elected as the Legislative Assembly Deputy Speaker on Friday.

Reddy, a second time Legislator, was elected unopposed in a voice vote since he was the only contender for the post.

WORD OF THE DAY

Bloviate

Pronunciation: verb BLOH-vee-ayt
Meaning: To speak or write verbosely and windily.

Origin: Warren G. Harding is often linked to bloviate, but to him the word wasn't insulting; it simply meant "to spend time idly." He used the word often in that "hanging around" sense, but during his tenure as 29th U.S. President (1921-23), he became associated with "verbose" sense of bloviate, perhaps because his speeches tended to the long-winded side. Although he is sometimes credited with having coined the word, it's more likely that Harding picked it up from local slang while hanging around with his boyhood buddies in Ohio in the late 1800s. The term probably derives from a combination of the word blow plus the suffix -ate.

Examples: "It's a slow night. Just a couple of other regulars and our usual bartender, a bright, young fellow who seems to enjoy his customers' company, despite our tendency to bloviate." — Bruce VanWyngarden.

"Wall Street analysts and the media covering them have often bloviated about the lamentable end of retail, the death of department stores, the changing fickle habits of Millennials, the power of online retail, and the tragedy of an America left behind." — Monica Showalter.

THE ODD WORD

Boniface

The proprietor of a hotel, nightclub, or restaurant.

PHRASE OF THE DAY

A legend in one's own lifetime

Meaning: A living person of considerable fame.

Origin: The original use of this phrase was 'a legend in her lifetime', written of Florence Nightingale by Giles Lytton Strachey, in his well-known book Eminent Victorians, 1918:

The name of Florence Nightingale lives in the memory of the world by virtue of the lurid and heroic adventure of the Crimea. Had she died - as she nearly did - upon her return to England, her reputation would hardly have been different; her legend would have come down to us almost as we know it today - that gentle vision of female virtue which first took shape before the adoring eyes of the sick soldiers at Scutari.

She was a legend in her lifetime, and she knew it.

The 'own' is now almost always added to make 'a legend in his/her own lifetime', although I can't help thinking that Strachey's version was better.

The associated term 'living legend' derives of course from 'a legend in one's own lifetime'. This term sprang up in the USA in 1939 and immediately grabbed the imagination of writers there.

QUOTE BOX

You can't blame gravity for falling in love." **— Albert Einstein**

RIDDLE THIS

What is at the end of every rainbow?

Answer: The letter "W"

SUDOKU

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

OZW SKG GZ BZUF AXG K AKU RJKG OZW SKG

AXG KG FKURJTWKPF

TODAY'S CLUE: G EQUALS N

Yesterday's Cryptoquip: Nothing so fortifies a friendship as a belief on the part of one friend that he is superior to the other.
